

General Practice Bank Holiday Arrangements Friday, 8 May 2020

NHSE have confirmed that general practice will be required to be open on Friday 8th May 2020.

The CCG believes that delivery of this needs to be determined by two things:

1. Activity over the Easter BH period
2. Increasing activity in general practice during the past two weeks

A safe and robust approach is that each PCN will only be required to have the following open:

- 1 x Red Site
- 1 x Amber Site
- All other practices within the PCN - Blue sites

If PCN CDs believe that this model needs to be expanded up on, please contact the CCG to discuss: hw.primarycare@nhs.net

Reimbursement:

- The CCG will reimburse each PCN, 3 sessions for one Red and one Amber site (recognising practices are working more than 2 sessions).
- 1 x GP per 5,000 patients, less than 10,000 patients 2 GPs
- 3 or 4 Admin staff per session to include dispensing staff/personnel

The OOH service will not be operation in hours on Friday 8th May, PCNs will be responsible for in-hours home visiting.

Please submit your claims to: primarycare.finance@nhs.net
